

Tsunami Evacuation

Familiarize yourself with evacuation routes, landmarks, and flood areas.
Plan secondary routes as backup.

Tsunami Alert and Warning

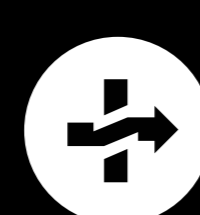

If you are in the red area shown on this map and feel strong shaking, or if you receive a tsunami alert on your phone, television, or radio, move out of the area following the evacuation route on the map.

- 1. Move** to higher ground or inland beyond the Tsunami Flood Areas.
- 2. Seek** further information from local radio, social media, or television stations.
- 3. Follow** directions from emergency personnel.
Do not call 911.

Get connected

Sign up for alerts with AlertOC and get notified by text, email or TTD/TTY. Visit www.AlertOC.org to register or scan the QR Code for a direct link to the website.
